

INSIDE LVMH

Dear School Partners,

More than 78,000 learners already followed our unique learning path about LVMH and the luxury industry to earn their **INSIDE LVMH Certificate!**

This is a unique opportunity for students to learn about **the key fundamentals of the luxury industry and immerse themselves into the LVMH ecosystem**, as leaders from the LVMH Group, professors and industry experts share their valuable experience and knowledge.

We are thrilled to share those registrations **for the May 2024 Promotion is now open on insidelvmh.com!**

All students who create a free account on the platform will be able to register and personalize their learning path between **April 18 and May 16, 2024 – 6pm Paris Time.**

Upon successful completion of **4 courses**, and the **final assessment quiz**, students will receive a personalized INSIDE LVMH Certificate.

We would be delighted if students from your school are informed about the Certificate and encouraged to *participate* as it would help them **boost their candidate profile and prepare for their next professional step.**

**We kindly ask you to communicate this opportunity to your students as soon as possible, as they cannot register after the deadline.
(May 16 – 6pm Paris time).**

Please find [HERE](#) a **video presenting the Certificate**, as well as some **assets** that you can rely on to promote the Certificate to students across the channels you deem most relevant.

Thank you for your continuous support.

LVMH
